

Early Childhood and Nature Workshop

featuring

Project Learning Tree's

**Environmental Experience for Early Childhood
and**

Project WILD's Growing Up WILD Curriculum

WHEN: Wednesday, December 11, 2019
9:00 am – 3:30 pm

WHERE: Witt Stephens Jr. Central Arkansas Nature Center
602 President Clinton Ave, Little Rock, AR 7201

COST: \$ 10 materials fee payable at the workshop

REGISTER: Email Lauren Marshall at lauren.marshall@agfc.ar.gov or call (501) 907-0636.

Receive training in two internationally recognized environmental education programs, Project Learning Tree and Project WILD, written for early childhood educators. These programs provide respected and proven environmental education activities approved by the Arkansas Department of Education and Arkansas PDR for 6 hours of professional development credit.

Each participant will receive two curriculum guides (a \$45 value) containing hundreds of hands-on, interdisciplinary activities for kids ages 3-7. All activities meet the Head Start Child Outcomes Framework and the National Association for the Education of Young Children (NAEYC) criteria for curriculum.

Join us for this fun and educational day and learn how to implement these activities into your own classrooms, afterschool programs, camps, and educational programs. Please bring your lunch.

Participants must stay for the full 6-hr training in order to receive the curriculum guides and PD hours.

Space is limited and registrations are taken on a first-received first-reserved basis. Please consider your registration as a commitment to attend. If you cannot attend, please cancel your reservation to allow others the opportunity.
