

EMPOWERING WOMEN IN CYBERSECURITY

Tuesday March 8th, 2022

6:00 - 8:00 pm

Attend online or in person at the

Arkansas Regional

Innovation Hub

204 E 4th St.

North Little Rock, AR 72114

There are about 465,000 open positions in cybersecurity nationwide. That number is projected to increase by at least 30% annually. Currently, women represent only 11% of the field.

Girls in grades 6 -12 are invited to join us for an exciting evening to learn about cybersecurity careers and hear from women in cybersecurity!

Keynote Speaker

Beth-Anne Bygum

Chief Security & Compliance Officer

Participants will have the opportunity to choose from several hands-on activities to learn about different careers in the field. The evening will close with a panel discussion and open Q & A forum.

Registration is required
