Non-AR AIMS Schools \$475

Registration Deadline March 25th, 2022

[Get More Information or Register Here](#)

- This workshop is for teachers of AP Calculus AB/BC and AP Statistics
- Participants will work in a small group setting under the leadership of an experienced AP Math Reader or teacher leader.
- Teachers will work on targeted strategies using the results of the Mock Exam Scoring, AP Review Techniques, and AP Exam Test Prep.

"This is the first time I am giving the full exam and I am really excited to get back and tell my students about all the tips and tricks of taking the exam I learned the past 2 days!"

"I enjoyed collaborating with the professionals that also teach my course - It was an eye opening experience."

"The time spent is very much worth it - feel that it is very helpful and hearing from all the different teachers is so valuable."

"This was very good for me. The practice grading FRQ's with experienced readers was great and gave me confidence in the fact that I was following the rubrics correctly."
