For more information and to register, click [here](#).

- This workshop is for teachers of AP Biology, AP Chemistry, AP Environmental Science, and AP Physics 1
- Participants will work in a small group setting under the leadership of an experienced AP Science Reader.
- Participants who attended the 2021 Fall AP Conference Workshop can complete their AP renewal by attending the 2022 Mock Reading Workshop. (This option is for renewal only.)

"This is the first time I am giving the full exam and I am really excited to get back and tell my students about all the tips and tricks of taking the exam I learned the past 2 days!"

"I enjoyed collaborating with the professionals that also teach my course - It was an eye opening experience."

"The time spent is very much worth it - feel that it is very helpful and hearing from all the different teachers is so valuable."

"This was very good for me. The practice grading FRQ's with experienced readers was great and gave me confidence in the fact that I was following the rubrics correctly."
